GENERAL EDUCATION COURSE LIST

Description

General education courses meet one of the five categories included in the General Education Transfer Policy. The five categories are Communications, Mathematics, Humanities, Natural Science, Social and Behavioral Sciences, and General Education. These categories cover the basic general education requirements of all the universities and community colleges.

General education courses are selected by each college or university. Course identification codes for each category and the various disciplines included in these categories are listed on the following page.

Active and inactive courses are included. Active courses are identified by a 1 in the status column; inactive courses are identified by a 2 or 3 in the status column. In addition, the term and year columns indicate when a course was added or deactivated.

The columns on the list include

- INST – the name of the institution offering the course;
- DEPT – the departmental prefix of the course;
- CRSE – the course number;
- TITLE – the course title;
- CIP – a course classification code;
- GEN ED1 – the first general education code;
- GEN ED2 – a second general education code since some courses may be used to meet more than one category requirement;
- CREDIT HOURS – the minimum and maximum number of credit hours in the course for which a student may receive credit;
- STATUS – the active (1) or inactive (2 or 3) status indicator;
- CRSE ADD, Term/Year – the term and year the course was added to the course inventory (term 1 = summer, term 2 = fall, term 3 = spring);
- CRSE SUSP, Term/Year – the term and year a course became inactive;
- GE1 ADD, GE1 SUSP, GE2 ADD, GE2 SUSP – columns giving the term and year the general education codes became effective or were inactivated.

GENERAL EDUCATION COURSE CODES

<u>Category</u>	<u>Code</u>	<u>Discipline</u>
Communications – 9 hours		
	OC	Oral Communications (3 hours)
	WC	Written Communications (6 hours)
Mathematics – 3 hours		
	M	Mathematics (college algebra or higher)
Humanities – 6 hours		
	CC	Cross Cultural
	H	Humanities e.g. fine arts (excluding studio art and music performance courses), philosophy, literature, history, foreign language
	HH	Humanities - History
	IM	Inter/Multidisciplinary

<u>Category</u>	<u>Code</u>	<u>Discipline</u>
Natural Science – 6 hours		
	S	Natural Science e.g. biology, chemistry, physics, astronomy, geology, physical science
	SL	Natural Science with laboratory
Social and Behavioral Sciences – 9 hours		
	CC	Cross Cultural
	SB	Social/Behavioral Sciences e.g. psychology, sociology, economics, hisotry, anthropology, geography, political science
	IM	Inter/Multidisciplinary
General Education – no specified hours		
	GE	General Education Courses which do not fit in an established category

(The General Education Transfer Policy includes 15 hours of institutional general education requirements.)

GENERAL EDUCATION SUPPLEMENTARY COURSE DESCRIPTIONS

University of Louisville

Disciplinary Oral Communications (OC) Guidelines

The following minimum guidelines are followed by University of Louisville faculty within disciplinary academic units in identifying courses as meeting the oral communications requirement:

- each course must contain 16 to 20 minutes of graded oral presentations;
- each assignment should include a research component, as defined by the unit;
- speaking emphasis is integrated into the normal means of assessing learning or discipline-based knowledge;
- formal presentations must be evaluated and returned to students with comments which should include recommendations for improvement;
- all oral assignments must be given in some detail to students as part of the explanation of the nature of the course; and
- speaking assignments should be structured as integral parts of the course.

April 2, 1996
